

CAREER OPPORTUNITY

AVIATION PROJECT MANAGER - CODY, WY or HEBER CITY, UT

The Opportunity

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**. We are **driven, innovative, problem solvers** and we are looking to fill the position of **Aviation Project Manager** in our Cody, Wyoming or Heber City, UT office location. GDA is a selective employer of engaged, inspired, and deeply committed professionals. GDA builds community with inspired teams designed to integrate technology, innovation, and communication into collaborative infrastructure solutions. We also have a lot of fun!

GDA Engineers provides a comprehensive offering of aviation engineering services to airport owners and operators. As a **Project Manager**, your core responsibilities will be project management for delivery of multi-disciplinary designs, management and development of design teams, client and stakeholder interface, coordination and management of other discipline inputs into projects, and assisting with business development.

About GDA Engineers

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in transportation, land development, municipal infrastructure, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths.

What You Bring to the Team

- Minimum 4 - 8 years of relevant aviation engineering experience
- Bachelor's Degree in Civil Engineering
- Airport experience with working knowledge of FAA standards
- Airport infrastructure planning, building, and layout design experience
- Licensed Professional Engineer in Wyoming and Utah or ability to obtain within six months of hire
- Business development experience
- Self-motivated, team-oriented individual with the ability to work on challenging projects in a team environment

More Details

- This position will be based in our Cody, WY or Heber City, UT office location
- This is a full-time, benefited position
- Annual salary range of \$50,000 - \$70,000 depending on experience
- Position will remain open until filled
