

# CAREER OPPORTUNITY

## PROJECT ENGINEER - CODY, WY or HEBER CITY, UT

### The Opportunity

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**. We are **driven, innovative, problem solvers** and we are looking to fill the position of **Project Engineer** in our Cody, Wyoming **or** Heber City, UT office location. GDA is a selective employer of engaged, inspired, and deeply committed professionals. GDA builds community with inspired teams designed to integrate technology, innovation, and communication into collaborative infrastructure solutions. We also have a lot of fun!

This position will assist with or develop the project scopes of work or portions of it, assist with or develop the project schedule or portions of it, assist with budget review and schedule progress reports and assist in the coordination of pricing, estimating, scoping and marketing strategies for proposed projects. S/he will also prepare design computations and quantity estimates, prepare or modify reports, specifications, plans, construction documents, studies, permits and designs for various projects, perform and coordinate design aspects of projects, attend client and/or public meetings, may serve as an onsite project representative, and visit the construction site to monitor progress.

### About GDA Engineers

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in transportation, land development, municipal infrastructure, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths.

### What You Bring to the Team

- 0 - 4 years of relevant civil engineering experience
- Bachelor's Degree in Civil Engineering
- Experience in computer operation for engineering design programs and CAD
- Self-motivated, team-oriented individual with the ability to work on challenging projects in a team environment
- Strong communication and collaboration skills
- Insurable driving record

### More Details

- This position will be based in our Cody, WY **or** Heber City, UT office location
- This is a full-time, benefited position
- Annual salary range of \$45,000 - \$55,000 depending on experience
- Position will remain open until filled
