

Field Technician – Vernal, Utah

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**. We are **driven, innovative, problem solvers** and we are looking for a **Field Technician** in Vernal, Utah. GDA is a selective employer of engaged, inspired, and deeply committed professionals. GDA builds community with inspired teams designed to integrate technology, innovation, and communication into collaborative infrastructure solutions. We also have a lot of fun!

About the Position:

GDA Engineers is looking for a team member to fill the position of Field Technician. The successful applicant will assist field survey crews, assist resident project representatives, and perform miscellaneous office related tasks. The applicant must accurately record field data and keep accurate notes, records, and sketches to describe and certify work performed in the field. Applicants must have a clean, insurable driving record and may be required to work extended hours and weekends. Applicants must have the ability to perform physically demanding work in all types of weather and the ability to maintain effective working relationships with other employees, the public, and clients. **This is a full-time, temporary position (August - October/November)** and does not include benefits. Salary for this position is \$15 per hour.

About Us:

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in transportation, land development, municipal, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths.
