

# Senior Civil Engineer – Aviation

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**. We are **driven, innovative, problem solvers** and we are looking for a **Senior Aviation Engineer**. GDA is a selective employer of engaged, inspired, and deeply committed professionals. GDA builds community with inspired teams designed to integrate technology, innovation, and communication into collaborative infrastructure solutions. We also have a lot of fun!

## **About the Position:**

GDA Engineers provides a comprehensive offering of aviation engineering services to airport owners and operators. Our aviation experience includes engineering and design, master planning, environmental, terminal planning, and construction supervision. As a Senior Aviation Engineer, your core responsibilities will be technical responsibility for designs, project management for delivery of multi-disciplinary designs, management and development of design teams, client and stakeholder interface, coordination and management of other discipline inputs into projects, and assisting with business development. This is a full-time, benefited position.

## **What you bring to the Team:**

- At least 7 – 10 years of relevant aviation experience
- Bachelor's Degree in Civil Engineering
- Significant previous airport experience with working knowledge of FAA standards
- Airport infrastructure planning, building, and layout design experience
- An understanding of the key drivers of airport planning and development, specifically the interactions between construction and airport operations
- Licensed Professional Engineer in Wyoming, Utah, Idaho, Colorado, Nevada
- Business development experience
- Strong communication and collaboration skills

## **About Us:**

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in transportation, land development, municipal, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths. As a GDA Employee, you'll receive our traditional benefits package (health care, vision, dental, vacation, etc.), plus these great perks:

- A great 401(k) match
- Participation in our bonus and profit sharing program
- Participation in our HRA plan

## **Are you in?**

To apply, please send your resume and a cover letter to [knelson@gdaengineers.com](mailto:knelson@gdaengineers.com). We welcome questions regarding the position, as well as a complete job description by contacting Klay Nelson at 307.587.3411.
