

Senior Civil Engineer – Boise, ID

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**! We are **driven, innovative, problem solvers** and we are looking for a **Senior Civil Engineer** to join our Boise, ID office location. GDA is a selective employer of engaged, inspired, and deeply committed professionals. GDA builds community with inspired teams designed to integrate technology, innovation, and communication into collaborative infrastructure solutions. We also have a lot of fun!

About the Position:

GDA Engineers provides a comprehensive offering of engineering services to our clients. Our civil engineering experience includes municipal engineering design and planning, environmental assessments, land development and planning, transportation engineering, and construction supervision. As a Senior Engineer, your core responsibilities will be technical responsibility for designs, project management for delivery of multi-disciplinary designs, management and development of design teams, client and stakeholder interface, coordination and management of other discipline inputs into projects, and assisting with business development. This is a full-time, benefited position.

What you bring to the Team:

- At least 7 – 10 years of relevant civil engineering experience
- Bachelor's Degree in Civil Engineering
- Experience in multiple elements of civil engineering design
- Licensed Professional Engineer in Idaho with preference given to candidates also licensed in Wyoming and Utah
- Business development experience
- Strong communication and collaboration skills
- Experience in AutoCAD Civil 3D

About Us:

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in transportation, land development, municipal, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths. As a GDA Employee, you'll receive our traditional benefits package (health care, vision, dental, vacation, etc.), plus these great perks:

- A great 401(k) match
- Participation in our bonus and profit sharing program
- Participation in our HRA plan

Are you in?

To apply, please send your resume and a cover letter to knelson@gdaengineers.com. We welcome questions regarding the position, as well as a complete job description by contacting Klay Nelson at 307.587.3411.
