

Project Engineer

Are you a driven professional looking for a place to apply your **creativity**? Are you **innovative**? Do you possess the inspiration to resolve **complex challenges** while providing **valuable solutions** and **building community**?

Welcome to **GDA Engineers**. We are **driven, innovative, problem solvers** and we are looking for a **Project Engineer**. We provide an environment that encourages creative, innovative, and inspired thinking. We want our people to feel a sense of freedom and independence at GDA and that their ideas and contributions are not stifled, but rather encouraged and recognized. We work hard and play harder!

About the Position:

GDA Engineers has been providing a comprehensive offering of engineering services to public and private clients for over 60 years. This position will assist with or develop the project scopes of work or portions of it, assist with or develop the project schedule or portions of it, assist with budget review and schedule progress reports and assist in the coordination of pricing, estimating, scoping and marketing strategies for proposed projects. S/he will also prepare design computations and quantity estimates, prepare or modify reports, specifications, plans, construction documents, studies, permits and designs for various projects, perform and coordinate design aspects of projects, attend client and/or public meetings, may serve as an onsite project representative, and visit the construction site to monitor progress. This is a full-time, benefited position and will be based in our Cody, Wyoming **or** Heber City, Utah office location.

What you bring to the Team:

- 0-4 years of relevant engineering experience
- Bachelor's Degree in Civil Engineering
- Experience in computer operation for engineering design programs and CAD
- Self-motivated, team-oriented individual with the ability to work on challenging projects in a team environment
- Strong communication and collaboration skills
- Insurable Driving Record

About Us:

GDA Engineers has been creating public and private engineering and surveying projects throughout the rocky mountain west since 1953. We offer comprehensive design and consulting services in aviation, transportation, land development, municipal, and survey imagery and mapping.

With three office locations (and growing), work in seven rocky mountain states, and a lengthy list of clients, we believe that **Our Best Resources are our Human Resources**. We seek to hire great people and put them in the right roles for their strengths. As a GDA Employee, you'll receive our traditional benefits package (health care, vision, dental, vacation, etc.), plus these great perks:

- A great 401(k) match
- Participation in our bonus and profit sharing program
- Participation in our HRA plan

Are you in?
